Our Process

From idea to result – our team can help you navigate your product journey.

1. BRINGING YOUR IDEA TO REALITY

Our team set up an initial meeting with a dedicated Account Manager to understand your packaging vision.

4. QUOTE + ORDER

Your dedicated Account Manager works with you on the quoting and ordering process, and any artwork changes with your marketing team.

2. DESIGN

Your Account Manager helps to create samples to enable effective review of your product.

5. ORDER IN PROCESS

You'll receive a PDF proof of your final product while our team get to work on making your idea a reality.

3. REVIEW + SIGN-OFF

An opportunity to enhance designs or sign-off on samples enables meaningful adjustments to your product.

6. THE FINAL STEPS

Your dedicated Account Manager will assist with manufacturing updates and dispatch to ensure your product arrives safely to you.

What our customers say

"A very sincere thank you for our prototyping session. What you and your team achieved in a single day's session and the resultant output far exceeded our expectations – for both projects, there is really nothing else like it on the market. The packaging is so functional and innovative, with Fancy Bites being awarded "Best Innovative Dairy Product" at the SA Dairy Awards."
