

# KEEP CRUNCH CARTON

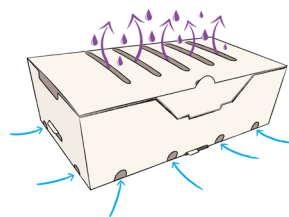

## DESIGNED FOR FOOD DELIVERY

With the increasing popularity of food delivery, it's more important than ever to ensure fried food stays crunchy for longer. Introducing the new Detpak Keep Crunch Carton - now there's a way to deliver fried food and hot chips that will hold its crunch for longer. It's crunch delivered.

Utilising the Stack Effect, the Keep Crunch Carton features a number of vent holes to allow for steam to escape keeping food such as chips crispy.

The carton shape itself is a long shallow box so that chips are allowed to spread out and they are not stacked on top of each other - like you would find in an upright regular chip scoop. The Keep Crunch Carton can also be custom printed to make your brand shine.
