

White Flat & Satchel Bag Range Changes

We have increased the use of FSC® (FSC-129148) and PEFC-certified (PEFC/21-31-300) materials and recycled content in our Flat & Satchel Bag Ranges to support environmental goals. This means products have documented traceability through the entire supply chain, from forest to end product, ensuring materials are sustainably sourced. As a result, product codes and names have been updated to improve consistency across the range.
