## OUR QUOTE REQUEST PROCESS

[detpak.com](http://detpak.com) aims to provide you with detailed product information and a seamless way to get your requirements to us. Our online Quote Request process has been designed to make this as quick and easy as possible in only 4 steps!

### STEP 1

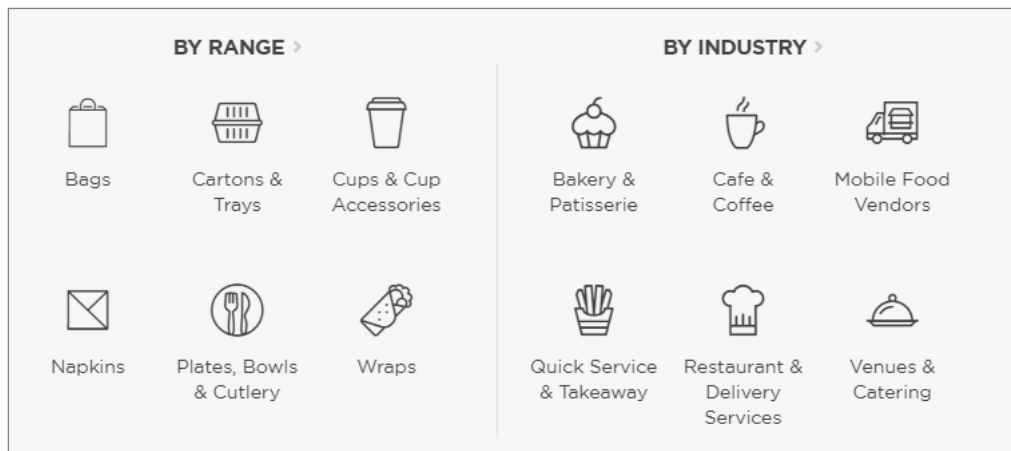

#### REGISTER WHY?

We know it's frustrating filling in registration forms, so we've made ours as short as possible. The benefits of registration are that you won't need to fill in your details each time you need to create a quote request, and all your previous quote requests will be saved for future reference.

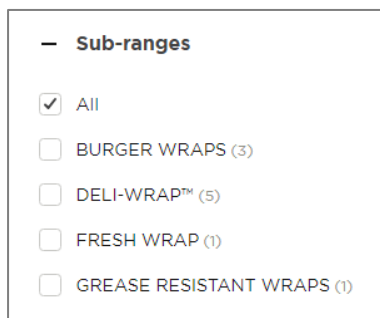

### STEP 2

#### BROWSE OUR EXTENSIVE ONLINE PRODUCT CATALOGUE HOW?

You can use our search bar which is particularly helpful if you know the code of the item you are looking for. If you wish to simply browse, we have categorized all our products by range and by industry.

Use our advanced filtering to find what you need faster. You can filter by sub-range, environmental properties, colour, material and more.

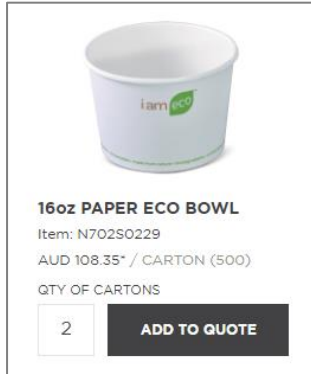

### STEP 3

#### ADD ITEMS TO YOUR QUOTE REQUEST HOW?

Simply type in the number of cartons you need and click ADD TO QUOTE.

You can add unlimited different products to a Quote Request – even those that might not be available in your country for us to try and access for you – as well as specify if you need a product customised.

When you are ready, proceed to view your Quote Request. From here you can still edit quantities and remove products from the list if necessary.

#### Items available in Australia

These items are in stock in your country, either at the Detpak warehouse or at one of our supply partners. Freight timing estimate is from final confirmation of the order by Detpak or one of our supply partners, and is subject to product availability.
