

we've got you covered.

NSW is taking action against single-use problematic plastics with legislation coming into force in 2022.

**From 1 June 2022**, lightweight plastic bags will be banned statewide.

**From 1 November 2022**, bans extend to include single-use plastic straws, cutlery, beverage stirrers, bowls and plates.

Legislation also covers expanded polystyrene (EPS) takeaway foodservice items such as clamshells, cups, plates and bowls.

**Regulations in NSW are inclusive of items made from biodegradable plastics, compostable plastics and bioplastics, including those made from Australian certified compostable plastic.**

Rest assured, Detpak has you covered with our extensive range of compliant packaging solutions.

Our commitment to innovation and sustainability means that our solutions are not only suitable for today, but also for tomorrow.

---

**We make responsible choices, to make your choice easy.**
