

We only use paper from sustainable and ethical sources – this means responsibly managed forestry.

Paper bags are the best choice.

Paper bags are natural, with no petrochemical components!

We use water-based inks which are better for the environment as they use less petrochemicals.

{ THE FACTS ABOUT PAPER BAGS }

WHY ARE PAPER BAGS A GOOD ENVIRONMENTAL CHOICE?

PAPER IS THE SOLUTION

Plastic bag bans or levies have been introduced in numerous countries worldwide over the past several years. From the United Kingdom to Australia and the Philippines, everyone is introducing laws to minimise the impact that plastic bags have on our natural environment.

If not disposed of properly plastic bags can pollute waterways, clog sewers and have even been found in oceans affecting the habitat of marine animals and contributing to plastic waste gyres such as the Great Pacific Garbage Patch.
