

# PERFORATED BAG

---

## ADD HORIZONTAL PERFORATIONS TO YOUR BAG FOR EASY CONSUMPTION 'ON THE GO'

---

Ideal for festivals, events and entertainment facilities where eating 'on the go' is common. These bags work particularly well with satay sticks, hot dogs and churros.

Perforations can be added to any flat and satchel bag in our range and allow the top of the bag to be removed for easy access to the food inside.

With minimum runs starting at 25,000 pieces, you can customise this bag by choosing from a range of materials. From white or brown kraft through to foil laminated or grease resistant paper, we can achieve the functionality required for your food.

This bag is sure to set you apart from the competition!
